

GOWTHAM V

AI & Data Science Undergraduate |
Aspiring Full-Stack Developer & AI
Automation Innovator

Passionate B.Tech student specializing in Artificial Intelligence and Data Science, with hands-on experience in building smart web applications and developing AI automation tools using n8n. Proficient in HTML, CSS, JavaScript, Java, and Python, with a strong foundation in data structures and algorithms (100+ problems solved on LeetCode). Driven by innovation, problem-solving, and continuous learning, aiming to contribute as a full-stack developer and AI innovator in real-world technology projects.

EDUCATION

B.Tech Artificial Intelligence & Data Science

K.S.Rangasamy College of Technology

09/2024 - Present

Data Structures and Algorithms, Machine Learning, Web Development,

- CGPA: 8.5+

SKILLS

HTML, CSS, JavaScript

Java, Python

React js

Node js

Express js

MongoDB

DSA

n8n

WORK EXPERIENCE

Machine Learning Intern (Online) Google (Virtual Internship Program)

06/2025 - 07/2025

Remote – India

Tasks

- Completed a hands-on internship on core machine learning techniques using real-world datasets.
- Built and trained ML models using Python, scikit-learn, and TensorFlow.
- Gained experience in supervised and unsupervised learning, feature selection, and model evaluation.

Full Stack Developer Intern

Imagivite Technologies(On site)

09/2025 - 10/2025

A technology solutions company focused on providing innovative web and software development services, specializing in full-stack development, AI integrations, and automation solutions for businesses and startups.

Achievements/Tasks

- Developed responsive web applications using HTML, CSS, JavaScript, and React JS.
- Assisted in frontend and backend integration, improving website functionality and user experience.
- Successfully completed real-world full-stack projects within the internship timeline.

PERSONAL PROJECTS

AI Email Automation Agent (n8n + Google Sheets)

- Built an AI-powered agent using n8n and Google Gemini AI to automatically send personalized emails from Google Sheets.

E-Commerce Flower Website

- Floral gift website with cart, search, and local storage using HTML, CSS, and JavaScript.

Quick Rent – Car Rental Web Application

- Developed a full-stack car rental platform that allows users to book, manage, and return vehicles seamlessly. Designed an interactive and user-friendly interface using HTML, CSS, and JavaScript.

ORGANIZATIONS

Google (Virtual Internship Program)

(06/2025 - 07/2025)

Machine Learning Intern

Imagivite Technologies(On-site) (09/2025 - 10/2025)

Full Stack Developer Intern

CERTIFICATES

Python for Data Science – IBM

Introduction to Power BI – Microsoft

Machine Learning for All – Coursera

Full Stack Web Development Internship – Imagivite Technologies
